## NOTICE TO MARINELAND KARIBA BOAT OWNERS, STAKEHOLDERS AND FACILITY USERS

We are pleased to inform you that an amicable resolution has been found with Kingdom Calls (Private) Limited t/a Marineland, pertaining to the future operation of our property at stand 688, Caribbea Bay Kariba. In terms of the agreement signed between ourselves, Kingdom Calls will shortly vacate the premises, taking a selection of assets from the property that will allow them to set up a similar business.

In light of this development, we acknowledge that we will need to invest back into the marina in the weeks and months ahead and regret that in the short term, this process may inconvenience boat owners and patrons.

We extend our appreciation to Kingdom Calls for the dedicated years of service they have rendered to all and wish them every success in their new endeavours.

For the sake of clarity, please note that Kingdom Calls will continue to trade as “Marineland” at their new business premises.

We thank you for your continued support and anticipated understanding, as we navigate these changes.
